

Proclamation Request

Whereas our forefathers declared in 1776 "this truth" to be self-evident that all men were "created" equal. Making our nation's first bold steps of faith with "God and truth" to be front and center;

Whereas these courageous men knowing the fatal consequences if they should fail, boldly signed their Declaration to become "One Nation under God," never to bow before another earthly king!

Whereas, God did bless them accordingly, with astounding victories, and thoughtout our American history, by His sovereign will, did truly shed His amazing grace on us, and exalted us beyond measure.

Whereas, today we see our nation rebelling against God and chasing every evil way, with fear, civil unrest, hatreds, and divisiveness tearing apart our nation like an evil scourge.

Whereas, we who hold fast to God's truth, knowing He still rules and reigns in the affairs of all men and nations, feel led once again to make another valiant and faithful stand, to rally in His name!

Whereas, in the face of this apostacy, a new declaration should be in order, not to men, not to kings, but to God! A declaration to return to Him with all our hearts, exalting Him to His rightful place! And we to ours as One nation under God.

Therefore, we sound out to *everyone*, to get down on their knees and make a "personal declaration" to lift up the name of Christ in this community like never before in the year of the Lord 2022;

Therefore, we humbly request that the Somerset Co. Board of Commissioners would declare by official proclamation Saturday August 6th to be JESUS DAY. A solemn and holy day officially declared to Honor Christ!

The Light Team

(A day officially consecrated and celebrated with prayer, song, and praise from every heart, home, and church in this community! To raise our voices together and pledge to give our best on this day and everyday to the God We Trust!

Seeking to invoke the provision of God's Spirit to: "revive the light in each one of us" and light-up God's County to become a bright and shining "city on a hill" that will shine upon the whole nation!)

Furthermore, we request that *Jesus Day*, be established in perpetuity to fall on the first Saturday of every August here in "God's County!" For he is worthy, and we all should be willing!

Respectfully Submitted by The Light Team

"In the name of our Lord"
